2. Who are the newest hooved additions to our program?
3. What is the proper term for the dark coloured line that is on Fritz's back?
4. When going into the arena or through barn doors, what do we yell so everyone knows we are coming?

Answers on Back Page

Bogie is the new littlest member of our Pride Stables herd. This handsome 9 year old chestnut gelding is a miniature horse. Bogie has spent time being a backyard pony spoiling grandkids as well as being a buddy to young and new anxious horses at his previous home. We look forward to having Bogie help us put smiles on the faces of our youngest riders.

Clover is the sweetest chestnut mare there is. She is a 14.2 hand quarter horse. She has spent many years being a lesson horse teaching many beginner riders the basics so she is well suited for her role at Pride Stables. Clover loves to be groomed. You may need to do a double check when looking for her in the field. She and Charday can look quite similar!

Donate Your Car to Central Ontario Developmental Riding Program/Pride Stables
For more information, visit our website at www.pridestables.com

1. Tell us your vehicle info 2. We pick up your car 3. You get a tax receipt

✓ FREE TOWING ✓ TAX DEDUCTION

Donate a Car Canada makes it easy for ANY Canadian Charity to benefit from a vehicle donation nationwide. Most charities are not set up to directly receive vehicles as a form of donation. The process is too complicated. It is time consuming, and costly for them the charity. This makes it a difficult or impossible form of fundraising.

Our simple process makes it possible for more charities to benefit from the generosity of donors like you. We expertly handle all aspects of processing your used cars so that we can send the net sale proceeds to the charity. Then you receive a tax-deductible receipt within 1 week of them receiving your gift.

Check it out here! <https://donatecar.ca/vehicle-donation-charities/>

Sponsor-A-Rider

Our rider fund allows us to financially assist as many riders as possible so they can participate in therapeutic riding. With a commitment of \$35 per month, your donation gives a child an opportunity to join us for a full year and reap the benefits of interacting with others, playing games, challenging themselves and having fun in a group environment—all while receiving stimulating therapy.

\$420 (\$35/month) allows a rider to receive these benefits for one full year. **Email or call us to get started today!**

Trouble's Tidbits

Did you know that horses can move their eyes separately?

The horse's eyes, set on opposite sides of the head, can actually focus on two different things at one time.

This is a survival adaptation to help them notice predators.

What's more, the horse's ears will usually point in the direction where the eye on the same side is looking.

Observe your horse the next time you're out together and see for yourself!
